JINFUYU INDUSTRIAL CO., LTD, is re-organized in 1997, has become a professional manufacturer in Personal Protective Equipment fields and specializes in the manufacture of disposable dust masks more than 37 years. We are the first supplier in Taiwan to develop molded disposable masks, grant CE approval and sell to worldwide market. Our head office is located in Taipei, Taiwan, mainly dedicated to supporting of sales, after service and logistics activities. We have three factories, two in China and one in Vietnam, total 950 employees and provide capacity of 100 million disposable masks annually.

JINFUYU INDUSTRIAL CO., LTD. has been ISO certified (ISO 9001:2000) since 2001. All JINFUYU products have conformed to EN149:2001+A1: 2009 (notified by BSI - CE 0086), AS/NZS 1716: 2012 (certified by Benchmark, Australia) or NIOSH 42CFR84 (approved by NIOSH/CDC in U.S.A.) to guarantee your safety by using our respirators as personal protective equipment to your breathing systems. Human life protection is our main concern when produce a respirator. And our strict tests and inspections at different production stages including raw materials test, half-finish masks test and finished masks test will ensure our products to achieve this goal.

JINFUYU INDUSTRIAL CO., LTD's four promises of **Quality insistence**, **Customers Satisfaction**, **New Technical Development** and **Quick Response** are our key attitudes that bring to all our clients. We will continue to focus on this and try our best to satisfy each client's demand through our dynamic customers support team.
